

Reception – Autumn 1

Communication and Language

The children will learn to listen attentively to stories and ask and answer questions. We will develop participation in small group and class discussions encouraging children to offer their own ideas. There will be a focus on developing children's vocabulary and explanations for why things might happen.

Mathematics

Children will learn to subitise as well as compose their own collections within 4. They will use the language of more than and fewer and develop their understanding of 1:1 correspondence.

Literacy

The children will start our phonics programme and develop their oral blending skills, recognise individual letters and learn how to form them.

Understanding the World

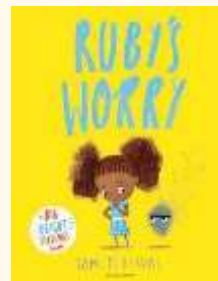

The children will talk about rules within the community and explore the natural world around them.

Physical Development

Develop and strengthen fine motor skills through a range of activities and develop gross motor skills from the BEAM programme.

PSED

Children will build positive relationships with their peers and adults around the school. They will become confident at trying new activities, learn about and follow the school rules.

Expressive Art and Design

Children will experiment with colour creating their own creations developing their use of scissors and tools.
